

School District 69 (Qualicum) – Flowchart to Secondary Schools

NOTES:

- The School Locator tool located on the Student Registration Home Page of the School District 69 website is a convenient way to help determine the catchment area(s) based on street address
- The catchment area school for secondary school students from Lasqueti Island will be determined based upon their home stay address in the Qualicum School District.
- Cross-boundary Information:
 - Expedited cross-boundary request forms will be distributed by schools in January/February each school year to grade seven students transitioning to secondary school for September of the following school year. Expedited cross-boundary forms must be returned to the student's current elementary school by the February deadline for processing. Expedited cross-boundary forms received within this time frame will be deemed to be approved as submitted.
 - Cross boundary requests submitted after the February deadline will be subject to the regular District 69 approval process.
