

PROGRAMS OF CHOICE AND SPECIALTY ACADEMIES

Context

The B.C. Ministry of Education Curriculum highlights “A curriculum that enables and supports increasingly personalized learning, through quality teaching and learning, flexibility and choice, and high standards.” Student choice and direction are necessary to support the curricular direction.

Policy Statement

The board supports personalized learning through the provision of Programs of Choice for students at all levels.

Guiding Principles

1. Students will be introduced to different subjects and disciplines on a course by course basis by attending discoveries, exploratories or taking locally developed and Board Approved courses throughout their educational journey.
2. To maintain high standards of teaching and learning, all programs of choice will be subject to the following criteria:
 - a. Be cost neutral to the School District over time;
 - b. Be compliant with all Ministry and School District requirements, including those regarding funding claims, course credit reporting, scheduling, safety considerations, collective agreements, and accepted accounting practices;
 - c. Focus on building meaningful credentials for the BC Graduation Program;
 - d. Specify the enhancements that are being provided beyond regular programming;
 - e. Be fully equitable in regard to program enrollment and opportunity, without ability restrictions acting as a barrier to participation; and,
 - f. Be subject to periodic reviews to determine if the Program is meeting student needs and adhering to the requirements listed above.
3. Specialty Academies can be used to offer a Program of Choice that relies on user fees to provide its enhanced experiences. They are subject to additional requirements listed in Ministry regulation 219/08, in the Administrative Procedures for this policy, and Board Policy 703 (Fees and Subsidies).
4. Fundraising is permitted as a means to offset program fees.

Definitions:

Programs of Choice -- Courses of study beyond the regular classroom that provide opportunities for students to engage more deeply in areas of interest by extending the Ministry Curriculum. These programs are created by staff selected by students and/or their families as a means for a specialized learning experience.

PURPOSE

1. These Administrative Procedures must be read in conjunction with Board Policy 507: *Programs of Choice and Specialty Academies*.
2. The purpose of these Administrative Procedures is to set the requirements for programs of choice and specialty academies in School District No.69

APPLICATION PROCESS

Staff interested in providing a specialty academy at their school may, with their principal's approval, apply in writing to the Superintendent of Schools through the District Director of Instruction, before seeking approval from the Board of Education.

Applications must substantively address the following:

- Provide a rationale on the program's educational merits and/or avenue to support the District Strategic Plan that clarify the need for additional costs;
- Specify the enhanced experiences that will require user fees;
- Include a clear budget and proposed user fees;
- Have opportunities for bursaries or fee waivers in place so that cost is not a barrier to participation, as per [Board Policy 703](#); and,
- Show clear alignment to Ministry Regulation 219/08.

Minimum Enrolment

While specialty academies may be approved without a roster, operating the program in a given year will typically rely on adequate subscription. Exceptions can be made on a one-year basis with approval from the Superintendent of Schools or designate.
