Context

Students making the transition from Secondary School to a Post-Secondary placement face increasing costs. While some students may rely on family resources to assist them, many students can not attend due to significant financial barriers.

Policy Statement

The Board believes that every student should be offered an opportunity to attend a postsecondary institution should they desire to do so. The Board will set aside an amount for scholarships/bursaries annually during the budget process.

Guidelines

- 1. Students must be in their graduation year from a school within the School District.
- 2. Students must be entering an accredited post-secondary institution within 18 months of the award date.
- 3. Students will NOT be advised of their selection until the Graduation ceremony.

Definitions - Scholarships and Bursaries

Scholarships and bursaries are financial awards offered with the intention of covering further educational costs after graduation from high school. Scholarship winners are typically selected through merit, which may include high achievement on class or provincial assessments and/or other notable service or leadership. Bursaries winners are typically selected through need, which may include household means and program opportunity. Criteria for award selection is often determined by the donating body in collaboration with school or district staff.
