

Qualicum School District

2024-25 Inclement Weather Bus Route & Stop Schedule Changes

NOTE: To ensure the safety of all students, there is a 10 minute leeway on either side of the listed times.

The following are stop substitutions initiated by the school district during inclement weather due to potentially unsafe road conditions for school busses. If your stop is not listed here, it is not effected by our inclement weather route changes.

Inclement weather routes are initiated by the district and communicated to parents first thing in the morning on any day in which deemed necessary due to weather related road conditions.
