The University of Idaho Lionel Hampton Jazz Festival is one of the largest and oldest educational jazz festivals in the world. With over 400 student performances, a dozen world-class jazz artists and nearly 100 workshops, clinics and special exhibits, the festival honors the music, dance, and history of jazz music.

Kwalikum Secondary School is excited for the opportunity to take part in this festival scheduled for February 2018 in Moscow Idaho.

The festival will allow our two Jazz Bands, Vocal Jazz, Jazz Combos and soloists to showcase their talents as well as to take part in various clinics and workshops. As well, our students will be given the opportunity to see other high-level groups perform.

This trip is instrumental in helping to provide musical and personal growth to our students through immersion in the Jazz Festival experience.

We would ask that the Board of Education grant final approval for this exciting trip.

***KSS Jazz Dept. Trip to  
Lionel Hampton Jazz Fest. - Feb. 2018***

**Dear Parents/Guardians of KSS Jazz Students:**

Our trip to the Lionel Hampton Jazz Festival is coming up in February. **Please fill out the attached form and return them to the school by Wednesday, November 1<sup>st</sup>.**

The Lionel Hampton Jazz Festival takes place from Wednesday, February 21<sup>st</sup> to Sunday, February 25<sup>th</sup> at the University of Idaho, in Moscow Idaho. The music groups involved will be our two Jazz Bands, Vocal Jazz, Jazz Combos, and soloists. The purpose of the festival is to give students the opportunity to perform and receive workshops, see other high-level student groups perform, and attend concerts featuring world-class professionals!

**Students that are considering participating in the Moscow, Idaho trip are asked to return the attached form by the November 1<sup>st</sup> deadline along with a \$200 deposit.** We do not know the final cost of the travel or hotel expenses yet, so it is not possible to have an exact cost for the trip at this time. However, we expect it to cost around **\$600.00 per student** (before any fundraising is done). We will do our best to make this trip as affordable as possible. Please help in this effort by taking part in the fundraisers we are running over for the next few months.

The trip costs include festival registration, transportation, four night's accommodation and three tickets for evening concerts. This does not include food. Since we have a number of different groups and combinations of student involvement, the cost for each student differs, and will be invoiced individually.

The fees will be paid in three installments of cheques written out to KSS: **November 1<sup>st</sup> -- \$200.00 payment & permission form, January 16<sup>th</sup> (\$200.00), and February 15<sup>th</sup> (remaining balance -- fundraising will be calculated at this time).**

Due to booking activities and hotel rooms in advance, students who sign up and pay the first installment are ensuring their participation in this event. **The fees are non-refundable (unless the entire trip does not go ahead).**

Students must be in good academic standing to participate in this trip, and all KSS expectations for behaviour will be in effect for the duration of the trip. ***Students may be denied the opportunity to participate in this field trip if their teachers or administrators do not consider them to be in good academic standing.***

A detailed itinerary is being prepared and will be distributed in the coming months. Please contact Mr. Craven or Ms. Howell if you have any questions or concerns.

Sincerely,  
D. Craven & C. Howell  
KSS Music Directors  
250-752-5651

**Please submit the first \$200.00 payment (cheques written out to KSS) and the attached permission form in to Ms. Howell or Mr. Craven by Wednesday, November 1<sup>st</sup>. The remaining installments will be due in January and February.**

Ministry of Children and Family Development

### **New child-care spaces will help families around B.C.**

VICTORIA – British Columbia families will benefit from thousands of new licensed child-care spaces throughout B.C., announced Minister of Children and Family Development Katrine Conroy and Minister of State for Child Care Katrina Chen.

“I’m excited to be announcing that we are building thousands of child-care spaces throughout B.C., including more than ever before for Indigenous communities,” Conroy said. “Too many B.C. families are struggling to find child care. These new spaces will offer relief and hope to parents.”

Families in 52 communities throughout British Columbia will benefit from 103 projects that will create more than 3,800 child-care spaces. This \$33-million investment is focusing on areas of greatest need, including infant and toddler spaces; spaces on school grounds or co-located in a community hub; inclusive spaces in child-development centres; Indigenous child-care spaces; and employer-based spaces. More than half of these spaces are being delivered by non-profit organizations, and 20% are from Indigenous child-care providers.

“We are speeding up the creation of new child-care spaces to address years of pent-up demand for child care,” Chen said. “Our February budget will show our long-term commitment to building a system of accessible, affordable and quality child care for families across the province.”

The Province is working with successful proponents to establish funding agreements. Construction and renovations for the majority of the approved projects are expected to begin shortly. However, each site’s timelines for completion will differ, depending on their individual proposal requirements.

“The Provincial Child Care Council is working closely with the ministry to guide them towards improving access to child care,” said Wayne Robertson, PCCC chair. “Council members are energized by the new focus on fixing the child-care crisis and I think that the future is looking brighter for B.C. parents.”

#### **Quick Facts:**

- Child-care major capital funding supports non-profit and private child-care organizations to:
  - Build a new child-care facility, including the cost of buying land or a building.
  - Purchase and assemble a modular building and develop a site.
  - Renovate an existing building.
  - Buy eligible equipment (including playground equipment) and furnishings as part of the new build or renovation.

- The projects include 61 new builds and 42 renovations to create:
  - 847 infant and toddler spaces.
  - 535 spaces in Indigenous communities.
  - 1,153 spaces on school grounds.
- Budget 2017-18 committed \$352.5 million for child care.
- As part of that commitment, the ministry provides \$92 million in child-care operating funding directly to child-care providers to help them keep costs down, so fewer costs are passed on to parents.

### **Students in six schools to gain easier access to healthy water**

VICTORIA – More than 1,600 students in six British Columbia schools soon will have access to healthier water, thanks to an accelerated investment in student health and safety from the Government of B.C.

“Kids should be able to get a drink of clean, healthy water from water fountains at school. Now students at these schools will be able to do that,” said Rob Fleming, Minister of Education. “My goal is to have every student in B.C. attend a healthy and safe school, and this is another step toward achieving that goal. We know we have more work to do, and that is why we are accelerating capital investments throughout B.C.”

These projects are being funded through the School Enhancement Program for a total of \$750,000. This is in addition to the \$6.5 million invested in school districts since last year to reduce lead levels in water. These six new projects have been accelerated and are scheduled to be complete by March 31, 2018.

The schools receiving upgrades are:

- the Children’s Development Centre in Saanich
- École des Sept-sommets in Rossland
- École Sundance Elementary in Victoria
- Lake City Secondary school – Columneetza Campus in Williams Lake
- Mountview Elementary school in Williams Lake
- Naghtaneqed Elementary/Junior Secondary school in Nemiah Valley.

The Province is funding these upgrades because recent testing found elevated levels of lead in water sources at several schools in the province. Currently, schools with unsafe lead content in their drinking water are routinely flushing the pipes or shutting down the affected systems to ensure student safety. The provincial health officer has said there is no evidence of children having been adversely affected by lead in drinking water in B.C.

Government is committed to working with school districts to accelerate work to ensure crucial maintenance, like plumbing upgrades, take place provincewide as soon as possible.

School districts can continue to address their maintenance needs through the Annual Facility Grant, totalling \$110 million each year. School districts may also access funds for addressing further repair and maintenance issues, such as lead content in drinking water, through the ministry’s School Enhancement Program.

Ministry of Attorney General

### **Education and prevention the focus of human rights commission recommendations**

VANCOUVER – On International Human Rights Day, Parliamentary Secretary for Sport and Multiculturalism Ravi Kahlon released a report with 25 recommendations for establishing the new B.C. human rights commission.

The recommendations come after an eight-week public engagement that resulted in thousands of site visits, hundreds of submissions and over 80 meetings with British Columbians.

The report outlines recommendations in five categories, including the commission's creation, purpose, functions, powers and early priorities. Additional recommendations related to the Human Rights Tribunal, the Human Rights Clinic and the Ministry of Attorney General are included.

"British Columbians have shared their stories, their insights and their ideas on how a new human rights commission can best serve the people of our province," said Kahlon. "More than ever before, it's clear there is a critical need for a new commission to help reduce discrimination and dismantle the intersecting systems of oppression in our society. The 25 recommendations I have put forward to the Attorney General are informed by the feedback I received and I extend my deep gratitude to everyone who participated in this important process."

The report, presented to Attorney General David Eby, recommends a human rights commission that functions independently from government by reporting directly to the legislature and holds government accountable through research, investigation, policy development and recommendation functions. A recurring theme throughout the public engagement was concern over the limited education on human rights, especially in professional environments. To that end, the report recommends that the new commission's primary function be to create social change through education, in both the public and private sectors.

The report further recommends that the commission be led by one appointed commissioner, and supported by a staff, a human rights advisory council, working groups, and community partnerships, while guided by three early priorities:

- To collaborate and consult with Indigenous groups to develop commission policies and practices that honour the principles set out in the United Nations Declaration on the Rights of Indigenous Peoples (UNDRIP);
- To take on the study of gender as an identity requirement in public documents and make recommendations on its necessity or where it should be eliminated; and
- To examine the issue of foreign credentials and instances of discrimination against immigrants and other newcomers to the province.

“No jurisdiction is immune from discrimination,” said Eby. “That’s why the creation of a new human rights commission in British Columbia has been an early priority for our government. I will review the recommendations put forward by Parliamentary Secretary Kahlon and look forward to presenting the report to my cabinet colleagues.”

Government also officially proclaimed Dec. 10 as Human Rights Day in British Columbia to mark the unanimous adoption of the Universal Declaration of Human Rights by the United Nations General Assembly in 1948. The declaration set out fundamental rights and freedoms for all people, including equality, life, liberty and security of person.

Over the next several days, Eby will meet with federal, provincial and territorial counterparts to discuss key human-rights priorities for Canada, including the role of governments in ensuring that Canada complies with its international human rights obligations. This is the first time in 30 years that all ministers responsible for human rights in Canada will meet to discuss this topic.

**Quick Facts:**

- The human rights commission public engagement period was from Sept. 20–Nov. 17, 2017, and resulted in 531 online comments, 13,253 site visits, 70 written submissions, and over 80 in-person or telephone meetings.
- Two Indigenous workshops were held that included a total of 12 organizations.
- B.C. is the only province in Canada without a human rights commission.
- B.C.’s previous human rights commission was dismantled.

### **Thousands of students and new teachers benefit from provincial support**

VICTORIA – Almost 5,000 new students have enrolled in B.C. public schools this year, and thousands of new teachers have been hired by school districts.

By funding the memorandum of agreement (MoA) with the British Columbia Teachers' Federation (BCTF), as well as supporting increasing enrolments for this school year, government is providing \$515 million for school districts in 2017-2018 to support the growth in the number of teachers and students.

Students are now benefiting from smaller classes with more teachers. School districts have hired more than 3,500 full-time equivalent teachers over the past year. A main component of the MoA is the Classroom Enhancement Fund (CEF), which funds new teachers, classrooms, space enhancements and other overhead costs. The CEF now totals \$409 million for this school year – up \$54 million from the June 2017 allocation of \$353 million.

The majority of B.C.'s school districts continue to grow this year as more families are moving to B.C. In the September 2017 enrolment count, school districts reported that B.C.'s public schools had 4,974 more school-age students, compared to September 2016. Government is committed to funding this growth, so this means an extra \$106.8 million in school district funding. The districts with the highest growth in numbers of students were:

- Surrey: 959 more students
- Langley: 439
- Comox Valley: 420
- Sooke: 372
- Nanaimo-Ladysmith: 304

Compared to last year, 43 of B.C.'s 60 school districts had enrolment increases, while 17 saw declines. In many districts, the number of students was stable, with the changes being relatively small. For example, 23 districts had fluctuations of fewer than 25 students either way.

The Ministry of Education is also conducting a comprehensive review of the education funding formula to ensure that students get the quality education and opportunities they deserve and so parents can have peace of mind that their children are learning in properly supported classrooms.

#### **Quotes:**

#### **Rob Fleming, Minister of Education –**

"It's an exciting time for education in B.C. as more teachers and additional funding will all help

make B.C.'s education system better for students in the years to come.”

**Gordon Swan, president, British Columbia School Trustees Association –**

“BCSTA is pleased to see the continuation of full funding for student enrollment increases reflected in the December operating grants update to school districts. A continued government commitment to fully fund the growing student population across much of the province is both significant and appreciated.”

**Quick Facts:**

- There are 537,086 school-age students enrolled in B.C.'s public schools as of September 2017.
- Student enrolment is up for the third year in a row – approximately 15,000 students have been added in that period.
- Independent schools enrolled nearly 83,500 students in 2016-17.
- School districts were informed of the funding in the updated operating grant tables released to them this week and published on the ministry's website.

## NEWS RELEASE

For Immediate Release  
2018EDUC0001-000030  
Jan. 11, 2018

Ministry of Education

### **Student success continues to build in B.C.**

VICTORIA – High-school completion rates continue to improve for all B.C. students, as confirmed by the latest Ministry of Education data released today.

The six-year completion rates from 2016–17 throughout the province show that more students overall are completing high school, with the greatest increases for Indigenous students and students with special needs.

“As a new government, our vision is to boost student achievement and grad rates. High school completion is a key that opens doors for people, no matter what path they choose,” said Education Minister Rob Fleming.

“These consistent increases mean more students are able to take advantage of those opportunities. We will keep working to raise the six-year completion rate. We’ve seen positive improvements for students with diverse needs and Indigenous learners, but there is more work to be done to ensure all students can recognize their full potential.”

The completion rate for Indigenous students in 2016–17 increased 2.1% over 2015–16, to 65.9%. Over the last 10 years, the rate for Indigenous students has increased by 19%, up from 46.9% in 2007–08.

Students with special needs are completing high school at a rate of 69.4%, up 2.4% from the year before. These students have seen a 25.3% increase in completion rates over the last 10 years, up from 44.1% in 2007–08.

Overall completion rates increase steadily each year; 84% this year, up from 83.6% last year. The overall completion rate has increased 5.2% over the past 10 years, from 78.8% in 2007–08.

The six-year completion rate calculates the number of students who graduated within six years from the time they enrolled in Grade 8.

Updated information on high school completion rates can be found online:

## Board and Trustee Representative Committee Report

**Trustee Representative:** R. Elaine Young  
**Committee Name:** BCSTA Trustee Academy – *Education Evolution: Student-Centred Governance*  
**Meeting Location:** Richmond BC  
**Meeting Time:** November 23-25, 2017

Trustee Academy is the School Trustees' Association Professional Development. This report is based on the portions of the Academy that I attended. Trustee Gair, the other attending Trustee will report on sessions he attended.

### **Keynote Presentation Thursday PM – Authentic Student Voice Informing Decisions**

Students (many Grade 12's) from L. A. Matheson in Surrey (Near the Surrey/Delta border) reported on their findings after researching and talking with School Trustees. The panelists represented a variety of cultural/ethnic groups and came from different peer groups within their secondary school. They began with little knowledge of the work and role of School Trustees. Over three months of meetings and research, they had learned a great deal about our role. The moderator (Maria LeRose) asked key questions of them and after there was a question and answer session. This is a first for Trustee Academy as we usually don't hear from students!! Audience reception indicated the need for more of this kind of conversation.

### **Plenary 1 Friday AM – Dr. Evan Adams – One story of Two-Eyed Seeing**

Health and education are the two ministries that the Provincial Government spends the most money on. We often hear about education at these sessions, but what about Health? Dr. Adams seamlessly wove together his experiences as an Indigenous person with his training and experience as a medical doctor. By seeing from these two perspectives, he bridges the gap between what is happening in Indigenous Education with what is happening in Health care. Both Ministries are working to implement the Reconciliation portion of the Truth and Reconciliation Commission.

Dr. Adams discussed a number of important concepts in implementation of changes to health care. He said "Nothing about us, without us." Must be a guiding principle. This, in my opinion, also applies to Education and is generalizable to all groups who have experienced prejudice. He said that Indigenous people know we are spiritual beings in a physical world and so, when a trauma or crisis occurs we must first "Call your Spirit Back." Before healing can begin. This concept has been applied in many approaches to Trauma Informed Practice.

### **Plenary 2 Friday AM – Scott MacDonald/Suzanne Hoffman (MOE) and Minister Rob Fleming - Ministry of Education and Curriculum Update**

Our Superintendent attended a previous meeting where much the same information was provided. Basically, we are moving ahead with curricular changes (although with more time for Grade 11 and 12 changes). Talks continue with Advanced Education so that students can move seamlessly between Secondary and Post-Secondary Education. In terms of funding, there are changes coming and we must be accountable for all spending. Currently, we have started to discuss what funding for education should look like. All Trustees will be involved as will other stakeholders in the system. Minister Fleming added to the presentation and took questions from the audience.

### **Plenary 3 Friday AM – Ivan Coyote – Sexual Orientation and Gender Identity (SOGI): How to Support Students**

Ivan began with a true story that made any SOGI issue in the School District seem pretty simple. A few years ago, Ivan attended a conference and was placed in a male dormitory according to name. At that time, Ivan's physical gender did not match the name. Ivan (who uses the non-gendered pronoun they) had the crowd laughing with ease as they explained how they worked through this predicament. Really, is the bathroom issue that big an issue...how many houses maintain gender-specific bathrooms. Once one thinks about change-rooms and all the other ways we 'gender', bathrooms is not our biggest challenge.

As a person who has lived as a lesbian for my whole adult life, there are many discussions that we will need to have before gender becomes a non-issue. In School District 69, we continue the conversation on this topic and we hope that everyone will join in. I long for a time when gender and sexual orientation become no big deal. Really, we are all human beings, are we not??

### **Concurrent Session Friday PM – Matt Carruthers and others -- SOGI 123 Resources for Trustees**

In about 1993, a group of Gay and Lesbian Educators 'politicized' a networking group called GALE/BC. We developed lesson plans, conducted workshops and eventually a handbook for educators. One of our workshops was called Homophobia 101 and SOGI 123 is very similar. Some history, (both personal and political), some proper definitions and a discussion of the immediate issues. The goal is to begin a conversation and to create a safe place for people to talk about SOGI. In our district, we are currently reviewing our policies to make certain that they are truly inclusive. There will be more to come.

### **Concurrent Session Friday PM – Jesse Miller – Social Media: Student Safety and Policy**

Jesse Miller raised concerns about social media that can result in 'fake news.' In doing this, he used examples from his own experiences. His discussion was interesting and humorous. His message was clear – as educators we need to teach students to use social media properly. We need to employ critical thinking skills and understand social media better in order to help our learners. In doing this, we can empower young people to have breadth and depth of factual knowledge that will enable them to make good decisions in a very complex world. Students and all of us need to learn how to "Control our Brand."

### **Vancouver Island School Trustees' Association Meeting**

We heard reports from the Indigenous Committee. They had used the Academy to ask some key questions about how to further implement education of Trustees regarding Indigenous issues. The Learning folks introduced us to the HUB (see the Plenary on this topic). We discussed the upcoming Trustee and Municipal elections. Over the whole province, there could be almost 40% of Trustees who will not run again!!

### **Plenary 4 Saturday AM – Vaughan Palmer – An Unprecedented Year in BC Politics**

Vaughan Palmer has been interested in politics for most of his life. While I encountered him as a music writer, the major part of his career has been as a legislative reporter. He has written and reported on the legislature regularly and I have often appreciated his relatively objective point of view.

In this presentation, he discussed the recent history of the change in provincial government. He commented on the wealth of information that the new government is bringing to all decisions. Site C, childcare, proportional representation, and cannabis legislation will be the big topics over the next months and years. Look for a great deal of consultation as the government tackles these issues. Vaughan also answered questions and was remarkably understandable and straightforward in his responses.

**Plenary 5 Saturday AM – Carolyn Broady/Mike Roberts – An Introduction to the BCSTA Trustee Learning Guide (The HUB)**

This includes some follow-up research I did after logging into the HUB. WOW!!!! Imagine a web site that has everything a Trustee needs to know about governance, financial and facilities planning, human resources, labour relations, communication, community relations, board development and leadership, Indigenous education, student success, and legal accountability. In addition, the website has all of the PowerPoints and videos of recent BCSTA events, tracking of strategic planning and even policies from all 60 BC School Districts. This will take me all summer to read and digest!

**Plenary 6 Saturday PM – Dr. Shimi Kang – Educating, Healthy, Happy and Self-motivated Students**

There always has to be one presentation that doesn't ring true. For me, it was this one! So I quote from the program ...

*Dr. Kang is the author of The Self-motivated Kid and The Dolphin Parent: A guide to Raising a Healthy, Happy and Self-motivated Kids. This critically acclaimed book became a number one Canadian best seller, was released in Germany, Russia and China and won the 2015 US News International Book Award.*

*In her presentation, Dr. Kang will talk about how to educate healthy, happy and self-motivated students. She'll use irrefutable science, unforgettable true stories, and her own life experiences to show how to develop self-motivation, adaptability, and the key 21<sup>st</sup> century skills of communication, collaboration, contribution, creativity and critical thinking.*

# Memo

**Date:** January 23, 2018  
**To:** Board of Education  
**cc:** Rollie Koop, Superintendent  
**From:** Ron Amos, Secretary Treasurer  
**Re:** 2017/18 Amended Annual Budget

**For Information:**

Pursuant to section 156 of the *School Act*, Boards of Education are required to prepare and submit budgets to the Minister, in the form, with the information and at the time required by the Minister. The Minister is requiring Amended Annual Budgets to be prepared, adopted by bylaw and submitted by February 28, 2018.

This amended budget now reflects new revenues and expenditures that were not known when the annual budget was prepared and submitted last spring.

Of note in Ministry of Education grants, our recalculated Operating grant is up by 634,166 due to growth in enrolment and unique student needs.

Other revenue items include additional offshore tuitions due to continued growth in the program.

On the expenditure side, within salaries and benefits, the budget has been recast to update the data with current year staff assignments, included in this are adjustments for known increases in average salary costs and benefits.

Other expenditure adjustments include additions for the homestay fees for the increased enrolment, and the inclusion for costs associated with additional district supplies

Also worthy of note is that this amended budget is balanced, in that there is no need to borrow from the Operating surplus to balance the budget.

Within the Special Purpose funds, we have included the final allocation for the Classroom Enhancement funds, which includes a staffing and an overhead component.

**Subject:** Roots of Empathy

Hello Eve,

We are feeling very grateful these days here at Roots of Empathy, and I want to thank you for joining us in our work. Together we have shown the world that our programs have a deep impact on children. Our BC programs have been a big part of our success.

In the past few months Roots of Empathy has been recognized internationally and we couldn't have done it without your support and commitment.

Roots of Empathy was:

- chosen as one of the world's top three best practice children's organizations by the Klaus J Jacobs Foundation.
- chosen as one of the most inspiring social innovations of the year by Finnish education organization HundrED.
- recognized by UpSocial in Athens, Greece and Lisbon, Portugal as an innovation best placed to address the challenge of children at risk of social exclusion through their project "Accelerating Change for Social Inclusion".

And as part of its Canada 150 celebrations, Shaw Communications selected Mary Gordon, our Founder/ President, as one of 50 Outstanding Canadians.

While it's always nice to get a pat on the back for the work we all do, what it really says is that our programs are truly making a difference in the lives of children, especially our most vulnerable children, and that others are as convinced as we are that by developing empathy and social/emotional skills in children, we can create healthier, happier children and more peaceful, inclusive societies.

In response to our changing communities, we continue to adapt to the needs of BC children. Over the past two years, we've developed an Inclusive Communities Strategy, supporting our initiatives to reach our most vulnerable children, including Indigenous and Syrian refugee children.

We know from 17 years of research that our impact is lasting. We credit this to our program integrity, and our 96% implementation rate. We also stay current with the latest research by hosting several research-based events throughout the year. These bring together local and international scientists and others to learn and share their work on the landscape of childhood. All events are open to the public, and video is published on our website where you can also find out about our latest events, videos and social media – [www.rootsofempathy.org](http://www.rootsofempathy.org)

Again, thank you for your continued commitment to bring Roots of Empathy to your students and communities and in helping us grow our programs across BC. I would love to hear from you and talk about Roots of Empathy in your region.

Warmly,

Melanie Slater  
Manager of Program Implementation

SCHOOL DISTRICT No. 69 (QUALICUM)

BOARD POLICY 6170

EMPLOYEE CONFLICT OF INTEREST

The Board of Education expects the highest standards of conduct from its employees and views such behaviour as paramount in developing and maintaining the public's trust and confidence in the District.

The Board firmly believes that employees must, in the performance of their duties, conduct themselves honestly, with personal integrity, avoiding any conflict of interest.

Employees shall avoid any situation or activity that compromises, or may be perceived as compromising their judgment or ability to act fairly, without bias and in the best interest of the District.

The requirements for compliance with the high standards of conduct established by the Board are a condition of employment. Employees are expected to comply with the standards and expectations expressed in this policy and its attendant Administrative Procedure and to generally exhibit these qualities and values within their daily activities as they relate to district business.

## SCHOOL DISTRICT No. 69 (QUALICUM)

### ADMINISTRATIVE PROCEDURE

#### EMPLOYEE CONFLICT OF INTEREST

Page 1 of 3

##### **Understanding Conflict of Interest**

The issue of conflict of interest is a delicate one that must be handled with the utmost care and consideration for employees while still adhering to an unwavering commitment to high standards of employee conduct including but not limited to the following:

District employees have a duty of loyalty to the District as their employer. This duty requires employees to provide services to the best of their ability regardless of their own personal perspectives of Board direction or policy.

The honesty and integrity of District employees must be above reproach and coupled with impartiality in the conduct of their duties to ensure that their actions are above public suspicion.

The actions and conduct of employees must be such as to instill within the public a sense of trust and confidence in the District.

It is essential that employees recognize their responsibility to ensure that confidential information received as a result of employment with the District remains confidential, and not be divulged to anyone other than individuals authorized to receive such information. This includes confidential information received verbally or in written or electronic form. Disclosure of confidential information may put employees in a position of conflict of interest, and great care must be taken when communicating with individuals both inside and outside of the District.

A conflict of interest may also occur when an employee's private affairs or financial interests are in conflict, or could result in a perception of conflict, with the employee's duties or responsibilities in such a way that:

- the employee's ability to act in the public interest could be impaired
- the employee's actions or conduct could undermine or compromise the public's confidence in the employee's ability to discharge work responsibilities
- the trust that the public places in the public service **is undermined**

##### **Expectations for Employees**

Employees are expected to request a determination of the Superintendent before engaging in any activity which might reasonably give rise to questions about a possible conflict of interest.

The Superintendent is expected to request a determination of the Board before engaging in any activity that might reasonably give rise to questions about a possible conflict of interest.

A breach of the conflict of interest policy is considered to be a serious breach of an employee's obligations and as a result, **may result in discipline up to and including dismissal.**

While the Board recognizes the right of public service employees to be involved in activities as citizens of the community, conflict must not exist between employees' private interests and the discharge of their job-related duties.

Employees are to disqualify themselves as participants in personnel decisions when their objectivity would be compromised for any reason, benefit or perceived benefit which could accrue

to them. For example, employees are not to participate in staffing actions involving direct relatives or persons living in the same household.

Upon accepting a position in the District, employees must arrange their private affairs in a manner that will prevent conflicts of interest, or the perception of conflicts of interest, from arising.

#### **Representative Examples of Conflict of Interest**

Examples of conflicts of interest include, but are not limited to, the following:

- An employee uses District property or the employee's position to pursue personal interests.
- An employee is under obligation to a person who might benefit from or seek to gain special consideration or favour.
- An employee, in the performance of duties, gives preferential treatment to an individual, corporation or organization, including a non-profit organization, in which the employee, a relative or friend of the employee has an interest, financial or otherwise.
- An employee benefits from, or is reasonably perceived by the public to have benefited from, the use of information acquired solely by reason of the employee's employment.
- An employee benefits from, or is reasonably perceived by the public to have benefited from, a government transaction over which the employee can influence decisions (for example, investments, sales, purchases, borrowing, grants, contracts, regulatory or discretionary approvals or appointments) an employee requests or accepts from an individual, corporation or organization, directly or indirectly, a personal gift or benefit that arises out of their employment in the District other than the exchange of normal hospitality between persons doing business together or gifts to persons participating in public functions.

Employees are in a conflict of interest when dealing with direct relatives or individuals who permanently reside with them when the following working relationships exist:

- A reporting relationship exists where one employee has influence, input or decision-making power over the other employee's performance evaluation, salary, premiums, special permissions, conditions of work and similar matters.
- The working relationship affords an opportunity for collusion between the two employees that would have a detrimental effect on the employer's interest.

The above restriction on working relationships may be waived provided that the Superintendent or Secretary-Treasurer is satisfied that sufficient safeguards are in place to ensure that the employer's interests are not compromised.

Employees may engage in remunerative employment with another employer, carry on a business, receive remuneration from public funds for activities outside their position, or engage in volunteer activities without there being a conflict of interest, provided it does not:

- Interfere with the performance of their duties as an employee of the District.
- Bring the District into disrepute.
- Represent a conflict of interest or create the reasonable perception of a conflict of interest.
- Appear to be an official act or to represent District direction or policy.
- Involve the unauthorized use of work time or District premises, services, equipment or supplies to which they have access by virtue of their employment with the District.

- Gain an advantage or appear to gain an advantage that is derived from their employment with the District.

**Duty to Report**

Employees shall promptly report any fact or circumstances of which they become aware that might give rise to a real or perceived conflict of interest. Reports shall be made in writing to the employee's Principal or Supervisor.

An employee who alleges conflict of interest on the part of another employee, may report this to their Principal or Supervisor, in writing. If the employee whose actions are being questioned is the direct Supervisor, the matter may be reported to the Superintendent of Schools or Secretary-Treasurer.

### SAFE, CARING AND INCLUSIVE SCHOOL COMMUNITIES

#### **Purpose**

The Board of Education recognizes its responsibility to provide safe, caring and inclusive learning environments in our schools. Bullying, intimidation, discrimination, harassment and violence are behaviours that can disrupt a student's ability to learn and interfere with the school's ability to maintain an appropriate learning environment. Therefore, bullying, intimidation, discrimination, harassment, or violence constitute serious misconduct that warrants appropriate intervention should it occur and the implementation of educational programs and administrative measures that are designed to prevent it from occurring.

This administrative procedure is explicitly directed toward the conduct of students in their interaction with other students. Also included in this administrative procedure is the bullying, intimidation, discrimination, harassment, or violence toward adults by students.

Bullying, intimidation, discrimination, harassment, or violence by adults toward students or of adults by other adults are similarly prohibited but are governed by procedural guidelines in other school district administrative procedures - Collective Agreements, Human Rights and Workers Compensation Legislation and in *the Criminal Code of Canada*.

#### **School Codes of Conduct (previously Board Policy 7001)**

The Board of Education believes that a Code of Conduct with broad support of the students, parents, teachers, staff and administrative personnel greatly contributes to a safe and effective learning environment. The Board of Education also believes that there should be ongoing communication and consultation regarding behavioral expectations of students within the school community.

The Board of Education supports the values expressed in the *BC Human Rights Code* respecting the rights of all individuals in accordance with the law – prohibiting discrimination based on race, colour, ancestry, place of origin, religion, marital status, family status, physical and mental disability, sex, sexual orientation, gender identity or expression, and age.

Principals and Vice-Principals shall establish, with the involvement of students, parents, and staff a Code of Conduct for the school. This Code of Conduct shall be in compliance with the *Provincial Standards for Codes of Conduct Order [Ministerial Order 276/07(M341/16)]*.

1. This code shall establish expectations for student conduct:
  - a. within the school facility in all school programs and activities
  - b. outside the school facility in all school programs and activities
  - c. going to and from school, when the school deems it to be appropriate
2. Principals and Vice-Principals have the overall responsibility to see that Codes of Conduct are enforced and have paramount authority for the discipline of students.
3. All adults in the school are expected to be vigilant and to act thoughtfully and responsibly in ensuring the safety and security of the students and the building.

Resultant consequences will range from school disciplinary action to charges being laid by the police depending on specific circumstances.

##### **Investigation**

All complaints of bullying, intimidation, discrimination, harassment, or violence will be taken seriously and will be followed up in a timely manner. In cases a criminal offence has occurred, the school or district administration will notify the RCMP. Similarly, in all cases where child abuse is suspected, a report will be made to the appropriate ministry. An investigation of bullying, intimidation, discrimination, harassment, or violence shall include obtaining input from the person(s) alleged to have been harmed by the behaviour, from the alleged perpetrator and from one witness, (if one exists) to the alleged behaviour.

More intensive interviewing of those involved and/or of witnesses may be required at the discretion of the investigator, depending on the nature of the behaviour or incident.

##### **Intervention**

When there is a finding that misconduct has occurred, intervention will be:

- appropriate to the degree of misconduct
- educative, preventive and/or restorative
- implemented in a timely manner
- appropriate intervention may include, for example, one or more of the following actions:
- an opportunity for those harmed by the behaviour to explain to the perpetrator that his/her conduct is unwelcome, offensive or inappropriate either in writing or face-to-face
- a statement from the Principal/designate to an individual that such behaviour is not appropriate and could lead to discipline
- a general public statement from the Principal/designate to the school as a whole which outlines this administrative procedure without identifying those involved or revealing details of previous behaviour or incidents

- arranging measures which are designed to provide those harmed with restitution of status or sense of self-worth
- counselling or educative measures designed to support any students involved with bullying, intimidation, discrimination, harassment, or violence – including both those who may have been harmed and those who are responsible
- disciplinary measures up to and including suspension or expulsion from a regular educational program
- notification of other agencies as deemed by the Principal/designate to be appropriate or legally required

#### **Student Locker Searches (previously Board Policy 7040)**

A student locker search may be undertaken if there are reasonable grounds to believe that a school rule has been or is being violated and that evidence of the violation will be found in the student's locker.

1. All requests/questions regarding student locker searches will be referred to the Principal of the school.
2. Students shall be advised at the time they are assigned a locker of the following Rules and Conditions of Use under which the locker is assigned:

The locker is assigned to a student for use during the school year based on the following rules and conditions of use:

- a. Students are responsible for the locker which is assigned to them and the locker is not to be used by any other person.
- b. Only approved locks may be used on student lockers and the combination of the lock must be registered at the office.
- c. No illegal substances, weapons or other prohibited or offensive material are to be placed in school lockers.
- d. School officials may search student lockers at any time and without prior notice in order to ensure compliance with the conditions of use and other school policies and rules. It is recommended that an additional staff member be present when a locker is searched, except in an emergency situation.
- e. Permission to use the locker may be terminated where a student does not comply with the conditions of use or school policies or rules.
- f. If any student has reason to believe that any locker contains anything which would threaten the safety of other students, staff or any other person, that student is expected to immediately report the information to a teacher, Vice Principal or Principal. The name of the student making the report will be kept confidential.

#### **Questioning of Students by Law Enforcement Authorities (previously Board Policy 7035)**

School and District administration should be aware of the current provisions and requirements of the *Youth Criminal Justice Act* and other pertinent legislation.

Issues of particular importance to school and District administration in current legislation are:

- a. the 'ban on publication' provisions which seek to protect the identity of young offenders or those accused or suspected of committing an offence

- b. the potential admissibility of all statements made by students to school authorities

The RCMP School Liaison Officer is authorized to discuss police matters directly with students at the school and, where appropriate or required by law, make contact with the parent or guardian of a student being questioned. This does not preclude the questioning of students by other RCMP officers who have the legal right to do so.

Where practicable, the designated RCMP School Liaison Officer should be involved when students are to be questioned by police.

Should the parent or guardian not be available, the Principal or designate may, with the agreement of the student, act in loco parentis with his/her primary concern being the protection of the rights of the student.

No school district employee shall act or be required to act as a representative of the police.

Routine cooperation with the police, where such cooperation is a legal or reasonable expectation of school and district personnel such as providing student contact information or arranging meeting space, does not constitute acting as a representative of the police.

The Principal or designate acting in loco parentis in a police investigation shall not assume the lead role in subsequent school investigations or outcomes related to the matter(s) originally under investigation.

Unless otherwise instructed by the RCMP, the Principal or designate (as soon as practicable) shall inform the parent and/or guardian of any case where a student is accused of an alleged offence or is apprehended.

The Principal or designate shall proceed with any school-level investigation and/or other discipline-related steps as necessary pursuant to school and district policy.

The Principal or designate shall make it clear to students and parents that school-related consequences may be determined separately from the police investigation and outcomes, and that information gained from statements by students to police may result in school and/or school district level consequences.

#### **Violence, Threat, Risk Assessment (VTRA)**

Trained multidisciplinary teams at both the school and district level will be guided by the *Assessing Violence Potentials: Protocol for Dealing with High-Risk Student Behaviours* when responding to threats.

Each school is to review this threat assessment policy with all staff and students at the beginning of each school year as well as with the school PAC, and with parents/guardians through the school newsletter and/or website in order to provide "Fair Notice" that each threat will be taken seriously.

Students and staff who become aware of a threat have a duty to inform the school Principal/Vice Principal immediately.

The Principal or Vice Principal is expected to secure the school environment by detaining students involved in a threatening or violent situation, notifying parents/guardians, implementing the school Code

of Conduct as appropriate to the situation or by taking any other immediate action deemed necessary to ensure student and staff safety.

The School Threat Assessment Team is to be notified of all threats or violent situations and will coordinate the school's Threat Assessment Procedures.

The suspension of students for engaging in threatening or violent acts is not to be a substitute for a thorough threat assessment and intervention plan; however, suspension may be used as an interim intervention as the threat assessment is conducted and within the guidelines of the suspension policy until such time as an adequate intervention plan can be implemented as appropriate.

School Threat Assessment Teams may be formed to assess intervention needs, based on the level of the threat (low, medium, high), consult with outside experts, and provide intervention recommendations to the school coordinator and to the school Principal as per the District VTRA intervention planning document.

When the threat assessment protocol is activated, a designated Threat Assessment Team member will notify parents/guardians when it is deemed appropriate. Whenever possible, parents should be an integral part of the VTRA process.

For serious threats requiring significant interventions and protection of students and/or staff, a District Threat Assessment Team will be convened by the Safe Schools Coordinator or Superintendent.

The District Threat Assessment Team will meet with the School Threat Assessment Team coordinator to review the incident, assess the threat intervention needs, and make recommendations for intervention planning to the school Principal for action and the Superintendent of schools for information.

The resulting VTRA report and recommendations represent the collective opinion of the whole team rather than any one individual member of the team.

If students are suspended for threat containment purposes for up to and including 5 school days as per Board Policy 7030: *Suspension of Students* until the threat assessment is completed, then interim counselling and support services are to be provided as appropriate when students are suspended for up to and including 5 days to ensure student safety and well-being. Any recommended suspensions over 5 school days will be referred to the District Discipline Committee as per Board Policy 7030: *Suspension of Students*.

Schools are to report all threats involving threat assessment procedures to the Superintendent's office outlining the incident, the assessed threat level, actions and interventions taken and planned.

Any communication with the media regarding incidents of violence, risk or threat will be done through the Superintendent's office.

#### **Appeal**

All decisions of the Board or district staff are subject to appeal pursuant to Section 11 of the *School Act* and Board Bylaw 5: *Parent/Student Appeals to the Board of Education* and its attendant Administrative Procedure.

#### **Other Laws**

Nothing in this administrative procedure precludes any person harmed by alleged bullying, harassment, intimidation or violence from exercising his/her rights under procedures outlined in other laws; for example, *the Criminal Code of Canada* or civil action.

#### **Other District Policies and Procedures**

Nothing in this administrative procedure is intended to prohibit discipline or remedial action for inappropriate student conduct that falls outside of the definition of bullying, intimidation, discrimination, harassment, or violence as defined in Board Policy 7000: *Safe, Caring and Inclusive School Communities*, but which is or may be prohibited by other district policies or by school codes of conduct.

POLICE INFORMATION CHECK WITH VULNERABLE SECTOR SCREENING (PIC-VS)  
(Formerly 'Criminal Record Check')

Page 1 of 3

School District 69 (Qualicum) requires all individuals seeking to volunteer in School District 69 schools, programs, or activities to undergo a *"Police Information Check with Vulnerable Sector Screening"*.

**Process**

Parents, guardians and/or community members who wish to act as a school volunteer must contact the school office to obtain a *"Police Information Check with Vulnerable Sector Screening"* letter. The *"Police Information Check with Vulnerable Sector Screening"* letter must be on school letterhead, signed and dated by the principal and must contain the statement: "The applicant will require a vulnerable sector check" (sample letter attached).

Potential volunteers are then referred to the Oceanside RCMP Detachment, at which time they will submit the *"Police Information Check with Vulnerable Sector Screening"* letter and the *"Police Information Check with Vulnerable Sector Screening"* form.

- The *"Police Information Check with Vulnerable Sector Screening"* form is available from the school or the Oceanside RCMP detachment and must be submitted at the same time as the *"Police Information Check with Vulnerable Sector Screening"* letter. Please note that **old forms will not be accepted**.
  - i. For convenience, a copy of the *"Police Information Check with Vulnerable Sector Screening"* form has been attached and can be provided to applicants by the School Principal or designate at the same time that the applicant receives the *"Police Information Check with Vulnerable Sector Screening"* letter from the school.

**Note:** The *"Police Information Check with Vulnerable Sector Screening"* letter is required to waive the processing fee. If the letter is not included with the package, the processing fee will be levied on the applicant.

The RCMP will return the processed form to the parent, guardian or community member who will then submit the form to the School Principal.

Forms that show any type of criminal record or other concerning disclosures must be forwarded to the Superintendent of Schools or designate for review. School Principals will be advised of any advice or considerations arising from this review.

Completed *"Police Information Check with Vulnerable Sector Screening"* are **valid for a maximum of five years only at which time they are expired**.

All new volunteers (including those who may have previously completed a PIC\_VS at another school and are now changing school sites) must submit forms (preferably in September). This would include Kindergarten, and Grade 8 as well as any new registrations.

It is the intention of the Board of Education to permit schools to charge fees to students only in circumstances permitted by the School Act and in conformity with the attached Regulations **attendant Administrative Procedure**. No student shall be denied access to a program, course or class because of financial hardship. Fees may not be charged for programs, courses or classes which are required to complete educational programs essential for graduation.

*(Formerly Board Policies 7010 and 7065)*

1. Schools in which any student fees are to be levied must present their fee schedule to the Superintendent for approval by May 15 of each school year. Prior to June 30 each year, the Superintendent will present a schedule of fees for each school for Board approval.
2. Prior to the submission of the fee schedule to the Superintendent each school must present the proposed full fee schedule to the Parent Advisory Council of the school for consultation regarding the appropriateness and amount of the fees to be charged.
3. Each school must annually establish and communicate to parents procedures to facilitate participation by any student who would otherwise be excluded from, or experience hindered access to, a program, class or course.
4. In general, the Board permits schools to charge the following types of fees to students provided that the above conditions are met by schools:
  - Schools may charge for, or request that parents/guardians provide for students, personal supplies and equipment which have not traditionally been provided by schools: writing tools, notebooks, binders, gym wear, basic art supplies, basic calculator, student planners and other supplies for a student's personal use.
  - The rental or purchase of musical instruments for a student's personal use. **No student will be denied participation in the instrument music program because of inability to pay for the rental of an instrument. Such cases will be determined by the teacher in consultation with the Principal of the school.**
  - Schools may charge students a returnable deposit for the use by students of school or district equipment or learning resources which are expected to be returned by students after use.
  - Fees may be charged for optional school special events, clubs, sporting and social activities which are not regulated by the *School Act* and which are not essential to the educational curriculum of the school. The Board expects schools to be sensitive to the issue of student/family financial hardship in making decisions to sponsor or organize extra-curricular activities.
  - Fees may be charged for optional field trips which are not essential to the educational curriculum. If such field trips occur during the normal operating hours of the classroom, the Board requires that students who do not participate in the optional field trip will be provided with quality alternative educational experiences.
  - Fees may be charged where students opt to use materials of superior quality - for example, in a shop class - provided that all students have the option of selecting materials of satisfactory quality without charge.

**CORPORATE/COMMUNITY SPONSORSHIPS, PARTNERSHIPS AND  
ADVERTISING IN SCHOOLS**

*(Formerly Board Policies 7059 and 7060)*

**Policy**

The Board of Education acknowledges that corporations, businesses and service organizations may from time to time choose to support financially and/or materially public school activities through sponsorships or partnerships. The Board supports the development of sustainable education-business relationships between the Board, its schools, and the community, and encourages community groups, businesses, corporations, labour groups, civic organizations, industries, government agencies, colleges, universities, and others.

Acceptable sponsorships/partnerships provide benefits to the educational, cultural, artistic or athletic programs of students through the donations/contributions of products, services or money to a school or the School District. The Board wishes to secure sponsorships/partnerships that are consistent with the values, principles, and objectives of the School District.

The Board believes that it is appropriate to recognize, thank or publicly acknowledge a sponsor's support. Sponsors may be recognized in a dignified and appropriate manner in programs, directories, press releases, newsletters, assemblies and posters. Use of corporate logos and slogans should be modest. There shall be no actual or implied obligation to purchase the product or services of the sponsor.

Where financial considerations are involved as a result of education-business relationships, revenue opportunities for the Board or school shall be optimized. The revenues acquired through sponsorships, partnerships or donations will be used to complement and not replace public funding for education.

While encouraging business and community relationships, the Board recognizes that it has a responsibility to provide as safe, caring and inclusive an environment as possible for all students and recognizes the privacy of parents and teachers. Schools, as learning communities, must not become vehicles for circulation of materials intended primarily for commercial gain, nor for propaganda materials that are inflammatory in nature or contrary to District values.

This Policy does not apply to contracts where a service or product is provided to the Board for a fee or to other arrangements the Board enters into in order to manage its operations.

**Definitions**

**Sponsorship** - refers to an organization or commercial enterprise providing financial support or goods or services for an activity, series of activities, program or service. Generally sponsorships shall be for a specific, short term and limited purpose usually no more than one year in duration. Long-term sponsorships may be acceptable provided there is commensurate recognition through appropriate sized contributions to the school or School District. There will be no provision for automatic renewal or extension of the agreement and will be subject to an evaluation process.

**Donation** - means money, goods or services given to a school or the School District with no expectation of reciprocal provision of goods or services to the donor.

##### **Purpose**

The Board acknowledges that corporations, businesses and service organizations may from time to time choose to support financially and/or materially public school activities through sponsorships or partnerships. The Board supports the development of sustainable education-business relationships between the Board, its schools, and the community provided they do not compromise the District's commitment to maintaining ***safe, caring and inclusive schools***.

The Board or, in the case of a school, the Principal or designate, in consultation with school partner groups, shall have the authority to decline any form of donation, sponsorship or partnership that is inconsistent with the values, principles or policies of the School District or the particular school.

No employee of the School District shall accept a personal gift in cash or kind, or benefit from the corporate sponsor or donor. Corporate involvement programs shall not limit the discretion of the schools, teachers, and the School District in the use of sponsored materials.

The following points should be considered in determining whether to allow a request for access to teachers or students or to accept a donation, sponsorship or partnership agreement:

- Will not lead to exploitation of the students
- Does not imply endorsement of the school or the Board
- Offers significant educational, cultural, artistic or athletic benefits or social values for students
- Expected acknowledgement is dignified, modest, reasonable and consistent with this policy
- Is not primarily to solicit sales
- Ensures protections against claims that are false or misleading
- Involves minimal intrusion into instructional time
- School or School District has sufficient funds to pay the costs of installation, on-going maintenance, repairs and training
- Donated goods and services are held to the same standard used for the selection and purchase of curriculum materials.

Sponsorships or sponsorship agreements exceeding \$5000 in amount or longer than one (1) year in duration shall be confirmed by contract through the School District. Proposals shall be sent to the Secretary Treasurer's office with a detailed rationale to obtain appropriate approvals and/or draw up proper legal agreements in consultation with all stakeholder groups.

Each sponsorship arrangement should have an agreed upon sponsor acknowledgement plan prior to accepting the sponsorship or donation. The sponsor acknowledgement plan shall be approved by the school principal in consultation with the education partner groups for school level sponsorships. The Secretary Treasurer's office will ensure the sponsor acknowledgement plan is acceptable and consistent with this policy for District-wide sponsorship agreements.

Sponsor or partner activity must not infringe on any collective agreement or labour relations' practices.

**Advertising**

In general, the sales, the promotion of sales or the support to sales by canvassing, advertising or by other means on the part of any commercial enterprise may be seen as a violation of the safe and secure environment for students or an invasion of the privacy of parents or teachers. Therefore, commercial enterprises will not normally be permitted access to teachers and students either directly on school property or indirectly through the use of School District or school mailing information or systems.

Limited or selected advertising may be permitted in school or School District publications, provided that it meets standards of good taste and does not conflict with educational objectives. Some requests by individuals or agencies for access to teachers and students are reasonable and contribute to the teaching-learning programs in schools. Recognized charitable organizations and agencies and other organizations having educational and community services attributes may be allowed the opportunity to approach school principals or designated Board staff at the discretion of the Superintendent.

Distribution of materials supplied by genuine, community-oriented organizations may be authorized by the Superintendent, provided that they do not demand undue disruption of school time or routine, and provided that they do not contain political, religious or inflammatory material/messages/images which might create unfavourable community reaction and/or run counter to School District values.

**Partnerships**

The Board supports and encourages partnerships that:

- Treat the educational and personal welfare of students as the paramount concerns and are in accordance with the highest ethical standards and considerations
- Address an identifiable educational or operational purpose or need consistent with the School District's strategic priorities, statements of purpose, and the provincial goals of education
- Increase the equitable access of students to high quality educational programs, service or learning resources.

Education-business relationships shall be designed to support the curriculum, enhance the quality and relevance of learning, and be relevant to the Board's desired educational outcomes. Care must be taken to ensure that neither schools nor students are exploited through the partnership activities. Any direct involvement by students in a workplace setting shall be for reasons that are educationally relevant and consistent with the principles governing cooperative education.

Where the Board is approached by organizations to participate in education-business ventures that will involve co-development of products or services related to education, it is expected that these products/services will be marketable and hence will generate revenue for the Board.

It is important that a school or the School District regularly give public acknowledgement to the direct and/or indirect contributions of business partners to school or School District educational programs. The school or School District shall undertake a review of the goals, objectives and

outcomes of each partnership annually. This must involve input from both partners. The review should allow for revisions to and updating of the partnership agreement.

**Donations**

The School District is able to issue tax receipts for cash donations and donations of furniture, equipment or similar items valued \$1000 or less. In accordance with Canada Revenue Agency's Policy 413, donated items valued at more than \$1000 must be independently assessed by a third party before the School District can issue a tax receipt. A sponsorship payment from a business for which the business receives a material advantage such as promotion or advertising (for example, in a press release) as part of an acknowledgement plan may not be eligible for a tax receipt under Canada Revenue Agency's rules.

New or used equipment must be at a standard acceptable for use in classrooms and schools and meet School District specifications. Equipment must be installed according to the standards of the School District. The school principal shall consult with the appropriate Board office staff to make this determination. The school and/or School District must consider costs of installation, maintenance, repairs, and training, where necessary, to ensure funds are available to support the acquisition of the donated equipment. If accepted, donations shall become the property of the School District.

**Parent Advisory Council (PAC)**

A school's Parent Advisory Council (PAC) is often a successful fund-raising group whose efforts facilitate the acquisition of equipment, goods or services in support of the school. Decisions on the methods of raising funds for the school shall be made in consultation with the school's Principal in accordance with School District policies and administrative procedures.

#### EMERGENCY CLOSURE OF SCHOOLS/WORKSITES - EMPLOYEES

Page 1 of 3

*(Formerly Policy 6135)*

#### **Purpose**

The Board of Education has the responsibility, under *the School Act*, to keep district schools in session for all students and staff according to the annual School Calendar established by the Ministry of Education. Employees are expected to report to work each day.

However, the Board of Education also believes that the health and safety of staff and students is of paramount importance and recognizes that schools may have to be closed temporarily at times for any of several reasons, including the following: inclement weather, power outage, failure of heating or water services, emergency health issues, as well as a variety of other emergency situations.

The Board of Education authorizes the Superintendent of Schools, or designate, to close schools and/or worksites by reason of weather emergencies or for other causes that might endanger the health or safety of staff and students.

School and/or worksite closure due to emergent conditions will be of three types:

- For students only
- For students and school-based employees
- For students and all employees

Principals, or designates, are expected to have school buildings open to provide for students who, for whatever reason, arrive at school. Principals who are unable to get to work must contact the Superintendent of Schools so that alternate arrangements can be made to have the school open.

#### **School Bus Service**

There are occasions when the General Manager of Operations, in consultation with the Superintendent of Schools, may decide not to run the morning bus routes due to hazardous conditions. Every effort will be made to make that decision no later than 6:15 a.m.

- The decision to cancel school bus service is made by the General Manager in consultation with the Superintendent of Schools.
- If buses **are not** running in School District 69 (Qualicum) it does NOT mean that schools are closed.
- If buses **are not** running in School District 69 (Qualicum) it does NOT mean that staff cannot get to school – conditions vary throughout the District and staff need to assess the conditions in their own area.
- **If buses are running in School District 69 (Qualicum), employees are expected to be at work.**

#### **Closure during the School Day**

- In extreme emergencies, schools may be closed after school has commenced.
- In those situations during the school day where an emergent situation arises or weather conditions deteriorate significantly enough that a Principal has concerns for local road conditions in his/her school zone, the Principal should contact the Superintendent of

Schools. It is the responsibility of the Superintendent of Schools to notify the Principal as soon as it becomes apparent that school emergency closure will be necessary.

- When an emergent situation occurs after school has begun it may be prudent for students to be dismissed and therefore staff will activate their plan to contact parents. In this case, parents of students in elementary schools must be contacted prior to releasing students to go home. In the case of busing students, all students will be held at the school until we can confirm that all effected parents have been contacted.
- Depending on the severity of the circumstances, the Principal shall, in consultation with the Superintendent of Schools, determine whether school staff complete their work day at school or at home.

- It is recommended that any verbal communication from MATA staff to their Principal be followed-up with an email as a means of documenting that the required communication occurred.
- If MATA staff are unable to attend at their school due to weather conditions, it is expected that they will carry-out work duties from home.
