#### MANAGEMENT REPORT

The Financial Statements contained in this Statement of Financial Information under the *Financial Information Act* have been prepared by management in accordance with Canadian generally accepted accounting principles and the integrity and objectivity of these statements are management's responsibility.

Management is also responsible for all other schedules of financial information and for ensuring this information is consistent, where appropriate, with the information contained in the financial statements and for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

The Board of Education is responsible for ensuring that management fulfils its responsibilities for financial reporting and internal control and for approving the financial information included in the Statement of Financial Information.

The external auditors, MPS Chartered Professional Accountants, conduct an independent examination, in accordance with generally accepted auditing standards, and express their opinion on the financial statements as required by the *School Act*. Their examination does not relate to the other schedules of financial information required by the *Financial Information Act*. Their examination includes a review and evaluation of the board's system of internal control and appropriate tests and procedures to provide reasonable assurance that the financial statements are presented fairly.

DIFFERENCE BETWEEN SCHEDULED PAYMENTS AND FINANCIAL STATEMENT EXPENDITURES

995,333

#### **EXPLANATION OF DIFFERENCE**

The schedule of payments for the provision of goods and services differs from the financial statements in the following ways:

- 100% of GST paid to suppliers is included, whereas the financial statement expenditures are net of the GST rebate
- Third party recoveries of expenses from PAC and school fundraising activities may not all be adjusted for in the schedules
- Employee benefits may be duplicated in the schedule of payments where also reported in employee remuneration
- Travel expenses that are paid directly to suppliers may be duplicated in employee expenses
- Other miscellaneous cost recoveries that may not have been deducted from the scheduled payments

The financial statements are reported on an accrual basis, and include payroll liabilities that are not reflected in the schedule of remuneration and expenses, and accounts payable balances that are not reflected in the schedule of payment for the provision of goods and services. Changes in liability balances from year to year affect the financial statement expenditures but not the scheduled payments which are reported on a cash basis.
