#### **Purpose**

The Board of Education has the responsibility, under the *School Act*, to keep District schools in session for all students and staff according to the annual School Calendar established by the Ministry of Education. However, the Board of Education also recognizes that the health and safety of staff and students is of paramount importance and recognizes that schools may have to be closed temporarily at times for any of several reasons, including the following:

- Inclement weather
- Power outage
- Failure of heating or water services
- Emergency health issues
- Other emergency situations.

The Superintendent of Schools, or designate, has the authority to close schools by reason of weather emergencies or for other causes that might endanger the health or safety of students and staff.

#### **School Closure**

There are occasions when the General Manager of Operations, in consultation with the Superintendent of Schools, may decide not to run the morning bus routes due to hazardous conditions. Every effort will be made to make that decision no later than 6:15 a.m.

**Emergency Early Dismissal**

Each school shall have an established plan by which parents can be notified in the event of an early closure.

In those situations during the school day where an emergent situation arises or weather conditions deteriorate significantly enough that a Principal or designate has concerns for local road conditions in his/her school zone, the Principal or designate should contact the Superintendent of Schools. It is the responsibility of the Superintendent of Schools to notify the Principal or designate as soon as it becomes apparent that school emergency closure will be necessary.

When an emergent situation occurs after school has begun it may be prudent for students to be dismissed and, therefore, staff will activate their plan to contact parents. On such occasions the Superintendent of Schools shall activate communication which notify parents that schools will be closed early and some or all bus schedules have been advanced.

If a school bus driver is unable to complete his/her normal bus run, the driver will so advise the General Manager of Operations. After discussion with the General Manager of Operations the driver will either return the students to their home school or deliver them to an alternate location identified by the General Manager of Operations. Parents will be advised of such route changes either by direct telephone contact or other means.
