| Please note that it is the responsibility of the parent/guardian to make the school aware of any life-threatening problems or life-threatening allergies (anaphylaxis) their child/children may have. You will be provided with a form from the main office which you must complete to provide the school with the necessary details. This includes any changes in condition/medication for those students already on our Medical Alert file.  Parents are to provide medication(s) in the original container, clearly marked with the student's name. Please check the expiration date of all medications provided to the school. It is the parent/guardian's responsibility to track this date and replace any necessary medication.  Note: Any medication must be accompanied by the "Request for Administration of Medication at School" form (Policy 8006 att), which may be obtained from the school office. If your child will be self-administering their medication, the "Request for Self-Administration of Medication at School" form must be completed. An Anaphylaxis Emergency Plan must be completed by parents and returned to the school for those students who have life-threatening allergies (Policy 8008).
