Grades 1-3

We have had great success with teachers buying their own school supplies for the past few years, so we have decided to continue it again next year, (2023-2024).

We believe that this way of purchasing school supplies as a classroom will lower the cost per family dramatically. Not only will this be more economical and convenient for parents/guardians, but it will also cut down on wasted supplies throughout the year. Supplies purchased will be managed by the classroom teacher and divided out to students accordingly. Supplies will also be recycled in future years if the items are in 'gently used' condition (ie: scissors, rulers, etc).

Bulk purchasing power saves you money, ensures consistency with classroom supplies and provides your child with superior quality brands which will last much longer. Purchasing only what is needed for each classroom eliminates the purchasing of unused supplies and reduces waste.

The supplies on previous Grade 1-3 supply lists would have typically cost about \$85 at a store. With bulk purchasing of only the supplies your child will need in their primary classroom, the actual cost to you will be **\$70.00**

Please pay by cash or cheque to the school office or use School Cash Online. School Cash Online will be available once class placements are finalized.

****Please note that we will offer a payment plan option if necessary****

****Backpacks, lunch bags and non-marking inside/gym shoes should be purchased by parents separately****
