CODE OF CONDUCT

It is the responsibility of all members of the False Bay Elementary School community to use common sense and to develop and maintain a safe, considerate and cooperative atmosphere where we take care of ourselves, each other and our school. To ensure a safe environment and to protect the rights of all, the school community has established the following three school rules to govern behavior:

1. We are SAFE
2. We are KIND
3. We are RESPONSIBLE

Each classroom develops additional guidelines suitable for the age of the children and as such classroom procedures will be dealt with by the classroom teacher.

Students who persistently fail to follow the school rules or playground guidelines will be dealt with through the discipline, strategies, and consequences listed in this pamphlet.

School Wide Understanding

At False Bay School we strive to work with a restorative justice model for resolving issues as they arise. Support is provided to teach and guide students toward safe and caring behavior and self-regulation.

All False Bay School staff work as a team to support our students and each student is considered individually.

In some situations students may be sent to talk with another member of staff. A time-out period from the classroom may be used as a consequence. When appropriate, parents will be informed so they are aware of difficulties and can follow up at home. In extreme cases, home suspension, or contact with parties or agencies may be involved.

Community Understanding

At False Bay School we value our special home, school and extended learning community partnerships working to help our students learn social responsibility. The staff encourages informal and formal conversation about how your children are getting along at school. We encourage and appreciate active community participation in our school.
