

Welcome to a new way of reading - Audio and ebook options!

Even though our library is closed for now, there are still many audio and ebooks available, including children's titles for younger siblings, and graphic novels. If you haven't looked recently, Sora has added an additional 250+ titles for you to enjoy. You can also access VIRL by adding it to your Sora account, and Audible is currently offering free audiobooks of select titles as well.

Access is either through the Sora App on MySite or from the library link on the KSS webpage.

Here is the [Added Features](#) video that talks about getting a digital library card from VIRL, and then how to add a second library to the Sora app.
