Reminder to Students Regarding Road

Safety:

We would like to remind students that when using crosswalks in front of the school, you need to stop and look before walking out; dismount bicycle and check for traffic and walk across; Do not just ride up and ride across. Drivers need some notice.

Students should also be walking in front of the cars parked along Village Way when walking along the front of the school below the bus lane, and not behind the parked cars that are constantly pulling in and out. The drivers cannot always see students walking behind their vehicles. We have had some close calls recently. Please use caution, especially during busy times before and after school.
