Feeding Futures Program – Breakfast and Lunch Program

School districts in B.C. have received funds from the government under the program "Feeding Futures", and as a result, our school is able to provide breakfast and lunches to children from families that need support in order to help alleviate the challenges of rising household costs caused by inflation.

If you would like to be part of this program or have further questions please contact your child's teacher or myself. Please do not hesitate to reach out to us and all information will be kept confidential.

More information can be found at [Feeding Futures](#)

Sincerely,

John Williams, Principal
