Circus Master, Benoit who brought the "Circus" to our students this year is hosting a camp August 5-9th at Ballenas – Scroll down to the end to find more ...

Some thoughts about boredom:

We often hear that 'kids are bored' and we might even think that's a horrible thing ... BUT let's reframe this thinking...

- without boredom, there is no opportunity for creativity
- without boredom, there is no chance for calm
- without boredom, there is no opportunity for imagination
- without boredom, there is no room for play

I hope you find some time to be bored this summer!

September Start Up

Please watch the website in August for further information on what to expect for September but here's what we know so far:

- First day back the children will be with this year's teacher where possible
- Wed and Thursday – the children will be in multi-age groups for welcoming activities that support connections and a positive community
- Friday the students will move to their permanent classes

Well, the 2018-19 school year draws to a close today and it is with mixed emotions that we all say goodbye to each other. Some of us are moving on to new schools, new adventures, and new opportunities. To all of our students moving to High School or other schools, I wish you success and I hope that you will always be curious and interested in learning. To the staff having babies, I wish you lots of moments to treasure and some sleepFULL nights along the way. To our staff moving on to new jobs, new schools, new learning opportunities, I wish you lots of joy and many new friendships and connections. To our students returning next year, I wish you an enjoyable summer filled with chances to read and to play.

I know my time has been short here at Oceanside but I want you all to know that I have treasured every moment, I am excited to move on to the next chapter of my life's adventure here on the Island yes, but I will forever be grateful for the time here with you and your children. Thank you for all your support and for the ways that you have partnered with us in support of the children's learning.

Thanks to everyone for their kind words as you left the building today ... I hope to run see you on the beach or on a hike somewhere along the way.

I leave you with one of my favourite quotes from Aristotle:

"Wisdom begins with Wonder"

Yours in learning,

Mel

Host Families Needed

The Qualicum International Student Program (District 69) is currently looking for summer homes for students coming from Japan this summer —**July 12th to August 16th, 2019**. Students are in grade 10 and will be attending classes from 9:00 am to 3:00 pm, Monday to Friday. If you can open your home to 1 or 2 students, please contact Jenny Atkinson at jatkinson@sd69.bc.ca

We are also looking for host families in the District 69 Area to host international students from around the globe. We are looking for short-term homes (1 week to 8 week programs) as well as long-term homes (5–10 months). You must be able to provide a warm and welcoming home environment, a private bedroom (which includes a bed, dresser, desk, chair, and proper lighting) and three meals per day with snacks also provided. Some transportation will be required and students must have total inclusion in the family as would be granted a family member.

Hosting an international student will provide you with the opportunity to make new friends from around the world and can be an exciting cultural experience to share with your family! There is financial compensation to cover the costs of hosting an international student. Participating in the program can be a life changing experience for both students and their host families.

2019 Summer Education Programs

BYTE Camp, Claymation Movie Production

Make your own clay characters come to life, just like Shaun the Sheep. Participants will work with a partner to build their own clay characters, sets and props; develop their own script; shoot their movie scenes, and then learn to edit and add sounds and special effects to complete the whole project. There will be plenty of time during the week for outdoor activities so that you are always fresh for new challenges.
