For Immediate Release:

ADMINISTRATIVE CHANGES

Parksville, BC – September 29, 2017

School District 69 will begin the month of October with the following changes to the administrative complement that began the year:

Brian Worthen, who has been serving as a Vice Principal at Errington Elementary, will assume the Vice Principal position at Bowser Elementary. Mr. Worthen has served at a number of schools in our District including a brief stint at Bowser Elementary as an Acting Principal. Mr. Worthen has deep roots in this community and we believe his presence will only serve to enhance the strong school/community connection in the Bowser area.

Shauna Huggins, who has been a teacher at Oceanside Elementary and the CEAP Elementary Program, has been appointed to a Vice Principal position at Errington Elementary School. Before coming to our District, Ms. Huggins taught for seven years in the Surrey School District in a variety of intermediate and primary settings. Ms. Huggins was a previously pooled vice principal candidate who we are now pleased to move into a permanent educational leadership position.

The District would like to thank former SD69 Principal **Bobbi Coleman** who has served as an Acting Vice Principal at Bowser Elementary School on an interim basis while the District considered options for filling the vacant position. Ms. Coleman will return to her work with Vancouver Island University supporting student teachers in their education program practicum work.
