Colour Me Sunset Surprised

Tuesday, July 11 & August 1

A chance to play with mixing colours and learn a bit about theory. We will paint a beautiful sunset scene.

Pattern Play

Wednesday, July 12 & August 2

What a difference a pattern can make. We start with a line drawing of a simple bird, then explore adding patterns and colour to make a complete art piece

Critters and Creepers

Thursday, July 13 & August 3

What's your favourite critter - mouse, bunny? Or let's celebrate your favourite insect - this class is about drawing a small animal in a big way and adding final touches with collage.

Lighthouse Create

Tuesday, July 18 & August 8

Ships Ahoy! We are going to make our very own lighthouse artwork using pastels. We will work on composition and add nautical patterns and themes, blending oil pastels

Gulls Away, Day at the Beach

Wednesday, July 19 & August 9

We are making a textured beach scene using tissue paper, Mod Podge, sand and paint. We then complete the whole scene with a seashell frame

X Marks the Spot

Thursday, July 20 & August 10

And the McMillan Art Centre is the spot where we are making our own (mini) treasure chest! Let's decorate the outside with paper craft, then add a special treasure inside: if there's time, we may even make a treasure map to boot!

Collage Fish Frenzy

Tuesday, July 25 & August 15

Using collage and markers, let's make a colourful fish friend. Add the ocean background, seaweed, shells and ocean floor to make your fish look at home.

Rock Art Fun

Wednesday, July 26 & August 16

Ever want a pet rock? Well, this is a chance to make your own to take home. We will pick out a favourite rock and give it some personality, whatever you choose is going to rock!

Skyscapes in Watercolour

Thursday, July 27 & August 17

We're going to be learning some watercolour techniques while making a marvellous Skyscape to take home. It could be a flower field or a mountain landscape - artists choice.
